TESTIMONIAL

If you are craving for authentic north indian food then this is your go-to-spot. They serve one of the best soya chaap in mira road. Also here you will get varieties of north-indian food dishes. Highly recommended to try for their chole bhature & lassi. My personal favourite was the chur chur naam with soya chaap with soya chaap masala. Food is really awesome & also they have ample of sitting area. Thanks !!!

Ordered the chaap platter from here via Zomato. As it was my first time trying chaap, I was unsure what to expect but once the food arrived, it exceeded my expectations. The flavour and quality of chaap were really good. Only pity is that my order got picked up late so the food wasn't as hot but this isn't the restuarants fault. Will surely try the other items on the menu and will recommend others to go for it.
